

The ultimate 22.5mm Solid State Relay is here!

NOVA22

POWERFUL

Higher density with ratings up to 35 Amps

VERSATILE

Two terminal layout options

Relay Configuration

Contactor Configuration

CP201

CP202

Screw and spring cage plug-in input connectors offer quick and easy installation

INNOVATIVE

“Elevator” screw allows the use of ring or lug terminals in an IP20 housing

Discover what makes

DR22 series DIN Rail Solid State Relays

THE BEST CHOICE

CKR Series

**NOVA22
DR22 Series**

Maximum Current Rating at 40°C	26 Amps	✓ 35 Amps
Maximum I ² t	6000 A ² sec	✓ 8320 A ² sec for use with circuit breakers
Line Voltage	3 options: 280 VAC 480 VAC 600 VAC	✓ One universal range: 48-600 VAC
Overvoltage Transient Protection	Optional	✓ Standard
Certifications	UL Recognized	✓ UL Listed TUV
Input Terminal Options	Screw terminal (Not plug-in)	✓ Screw and spring cage plug-in connectors
Output Connection Wire Size Capability	10 AWG (3 mm ²)	✓ 8 AWG (10 mm ²)
Output Terminal Options	Standard screw	✓ Standard screw and innovative "elevator" screw
Motor Ratings (HP/kW)	Not rated	✓ Rated per UL508/IEC62314
Vibration & Shock Resistance	Non certified	✓ Certified per IEC60068-2
Identification Method	N/A	✓ ID marker
Short Circuit Current Rating (SCCR)	5 kA	✓ 100 kA
